### **Nature Trail Clean-Up Scheduled, Volunteers Needed**

The Wagoner Community Hospital is seeking volunteers to assist with cleaning up the nature trail on the north side of the hospital. Trash, low-hanging tree branches, and debris removal are some examples of work to be done. Volunteers are asked to report to the nature trail area on Saturday, April 23, 2022 at 9am. Refreshments will be furnished by the Wagoner Community Hospital.

“Wagoner Community Hospital and our dedicated staff and family members are excited to participate in the Great American Clean Up and beautify our campus. We are focusing our efforts on spruce up the Nature Trail on the north side of our campus. Participating in the American Clean Up is just one more way for us to show support and give back to the Wagoner Community and those we serve,” said Mr. Jimmy Leopard, CEO, Wagoner Community Hospital.

If you are interested in additional information about this volunteer opportunity, please contact Kellie Odeneal at (918) 614-5539 or [kodeneal@wagonerhospital.com](mailto:kodeneal@wagonerhospital.com).
